

Umfrage Caterpillar 2022

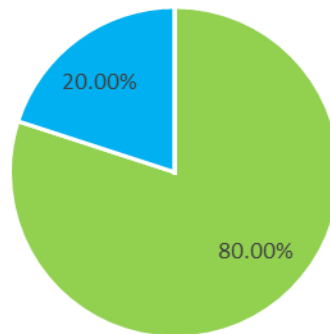

Thank you very much for participating in our survey for the Caterpillar group and for the positive feedback. We are so pleased that you are so satisfied with us that all of you who responded would very likely recommend our Little Daisies crèche to other parents.

Furthermore, we once again want to thank you for your support during this difficult Corona-year. We know that it was not easy for all of us.

We now want to present you the evaluation of the survey:

Alles was mir den Kindern gemacht wird, wird liebevoll gemacht. Danke an alle.

I would love to see more yard time.

It is very great all these activities that are proposed to the children: music, cooking, art, sport, playground, bobby cars in the yard, etc.

We are very happy of all what the kids are doing.

The daily routine is well organized and the teachers are so great with the kids!

The whole concept is great! We love the portfolios and birthday parties! The teachers are understanding and very nice.

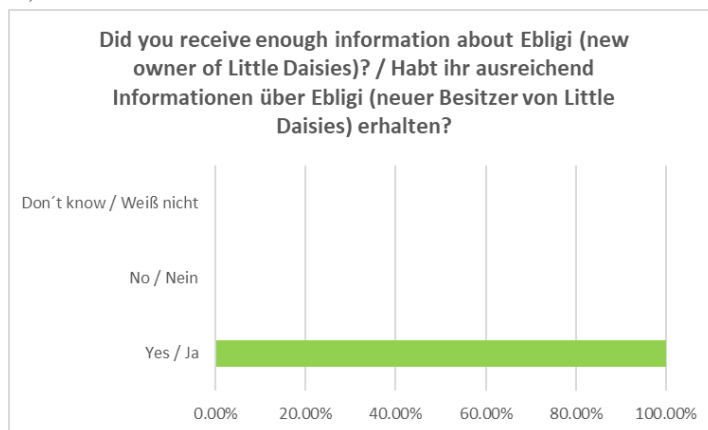

8)

9) Please explain your answer on number 8. / Bitte begründet Frage Nummer 8.

Alles gut
The break in summer is a bit too long. Opening times are perfect. Opening at 7:30am would also be ok! Negative point: we lose a bit the overview on the teachers- it would be great to know the new ones (students but also helping staff). Otherwise all very good.
Several closing days additionally to vacations which is typical for many KiTas in Munich but are all of them very much needed? As a working parent you don't have as many vacation days in total as the days when the KiTa is closed

10)

One additional comment: Just offering one info session and not recording it is a bit unfair to the parents who cannot join on that day specifically. Same applies to the parent evenings. But they are less important than meeting a new owner so I would either make sure I pick a time slot that works for everyone of offer 2 time slots.

11)

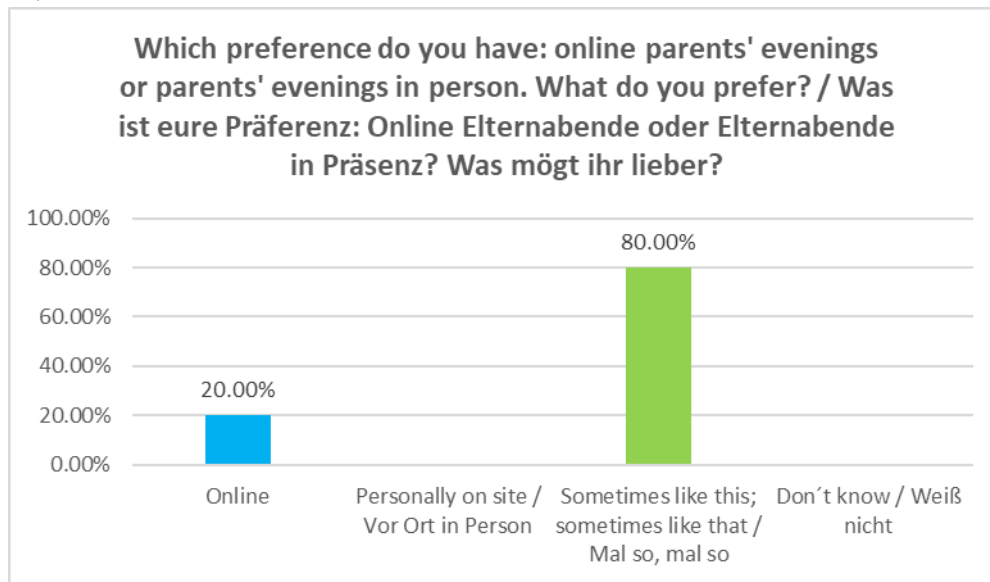

12)

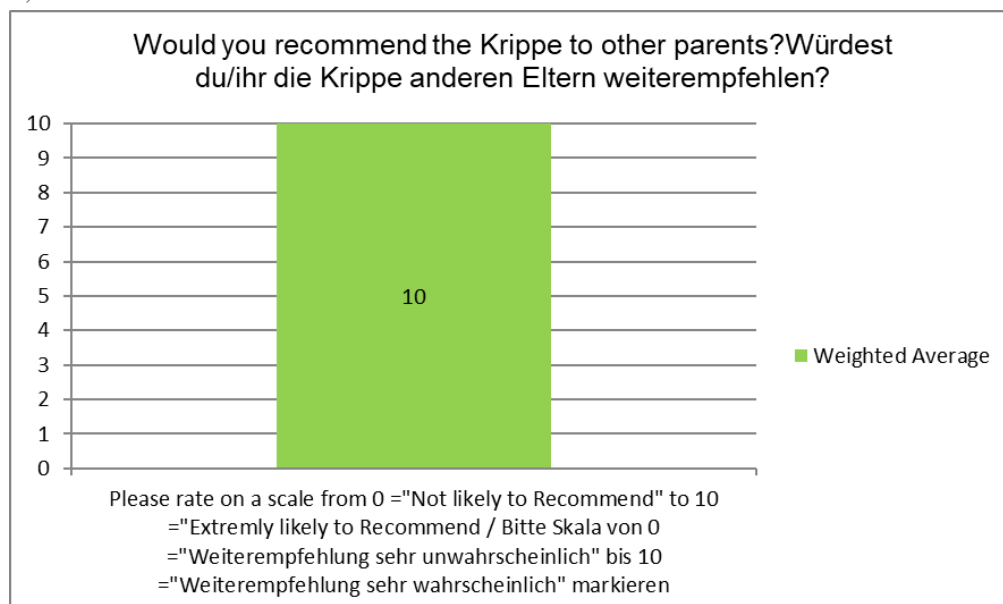

Any thoughts / concerns / questions you would like to share concerning the new ownership?Habt ihr Bedenken / Fragen / Gedanken, die ihr uns bezüglich des Eigentümerwechsels mitteilen möchtet?

Geht immer sehr gerne, ist traurig, wenn es nicht gehen kann.

in general my child feels comfortable. We did have several periods where our child felt a bit more sensitive at drop off or pick up and I feel this has to do to the change of the teachers during the year. We had a different experience depending which teacher was in charge of the door in the morning as sometimes this change happened fast maybe before

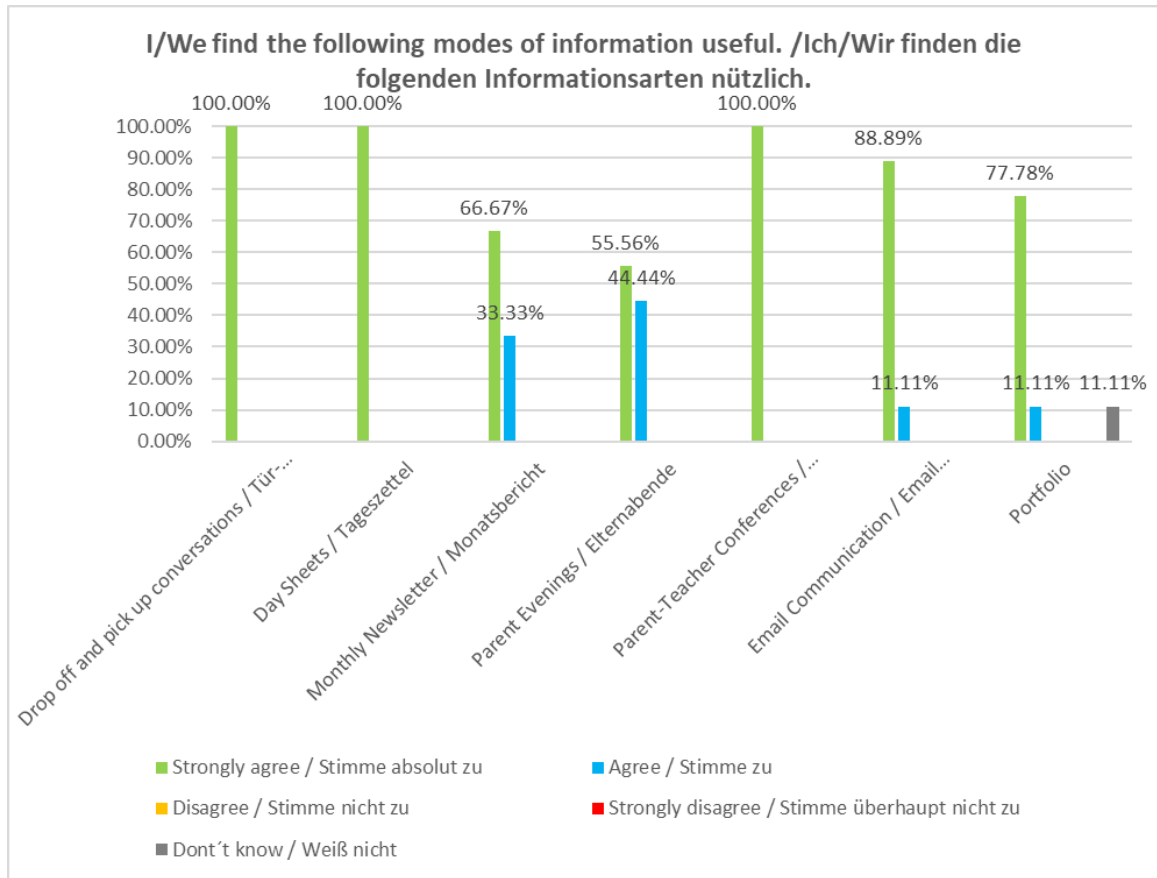

they had the chance to bond completely with the new person. PLEASE I am not saying that the teachers are the problem , maybe the process was too fast fro many of the kids.

yes , I like the morning and afternoon catch up with the teachers. At the age of our kids of course we would always like to know more but what we already get on the day sheet gives us a nice idea of what they do during the day. I do like that the kids are offered different activities through the week. We know about the general ones (forest , music , playground , garden) but could be nice to also see their daily life in the center.

Die langsame Eingewöhnung vor zwei Jahren hat es uns und unserem Kind erleichtert, loszulassen und sehr viel Vertrauen geschaffen.

Die Angebote wie Musik, Yoga, Art, Bibliotheksbesuch, Waldtag sind sehr vielfältig. Das bietet nicht nur Abwechslung sondern ist inspirierend und fördert die Kinder. Auch die Erfahrung, dass einem Kind ein Angebot vielleicht weniger zusagt, ist in unseren Augen wichtig.

Schließlich sind die Kinder viel in Bewegung und jeden Tag an der frischen Luft, was unserem Kind sehr gut tut und gefällt.

Unser Kind wird in der Kita wirklich sehr gut gefordert und es werden Aktivitäten angeboten, die wir zu Hause nicht bieten können.

Ihr macht viele Ausflüge, Musik mit Julia aber auch im Morgenkreis ist super. Alles was ihr macht ihr total toll! Danke!

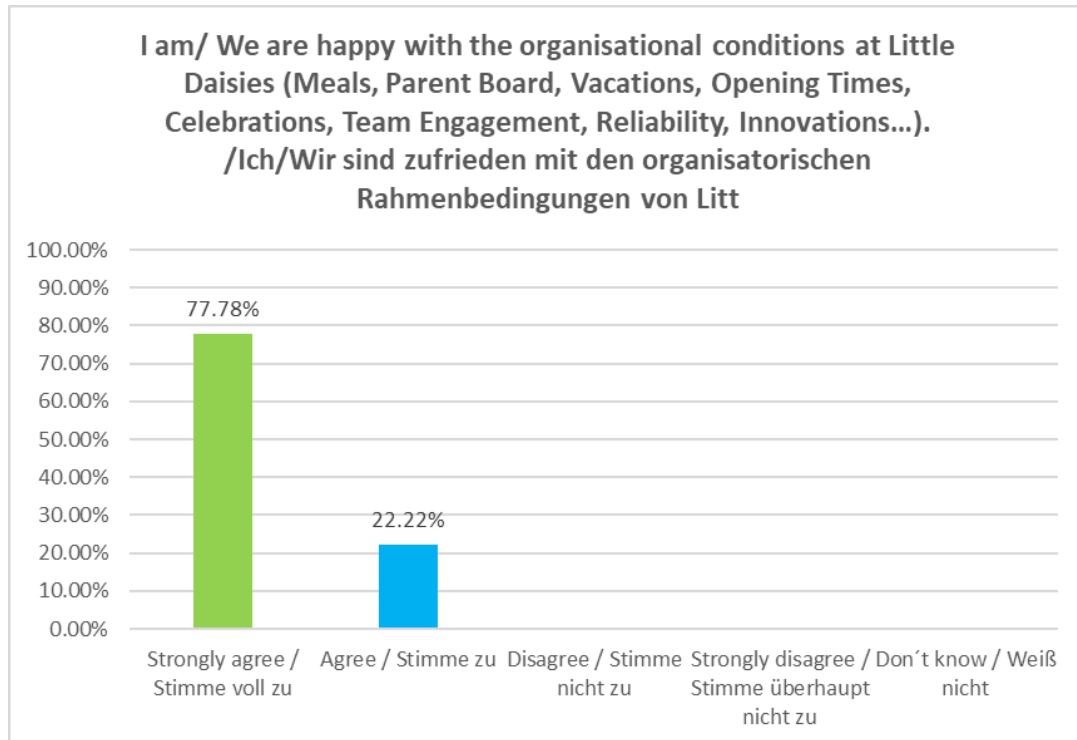

Es passt alles, die Ausflüge sind auch wieder reichlich.

Tolles Konzept. Schöne Projekte und Ausflüge. Wir sind froh, dass jetzt wieder mehr gemacht werden kann.

If Corona allows, I'd love to see even more spielplatznutzung and ausflüge. I think my child really loves these adventures. One other thing I would love for safety reasons is a schwimmkurs. It may not be possible in the Krippe but I would gladly pay extra for a Schwimmwoche or weekly swim class in the KiGa, like with the Skiwoche.

Lastly, would it be possible for some teaching with the children around safety with Rollers or Fahrrads? I find that my child learns so well when she is with the teachers and other children. She is quite good at walking around the city and being careful with trams, buses and trains and I think this is from the ausflüge she does with Little Daisies. I wonder if a kurs might be possible with Rollers and/or Fahrrads? Like how to pay attention at ein/ausfahrt, stopping at every intersection to look, not going too fast and running into other people? Likely this is also a topic for the KiGa, not the Krippe :-)"

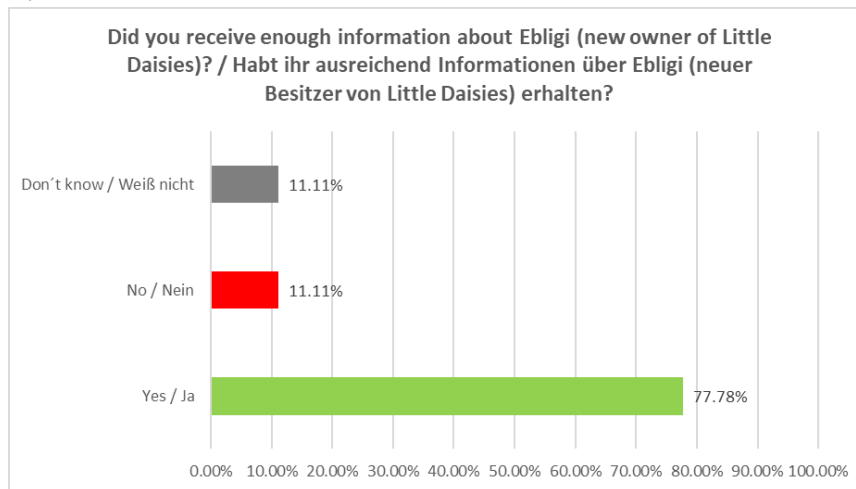

8)

9) Please explain your answer on number 8. / Bitte begründet Frage Nummer 8.

Es wird klar, verständlich und rechtzeitig kommuniziert.
Das einzige, was ich etwas unglücklich fand, war die Kommunikation als es darum ging, ob alle Kinder einen Platz im LD Kindergarten bzw. der Freilandgruppe bekommen. Zunächst klang es im November so, dass alle Kinder sicher einen Platz bekommen, was dann im Februar, zu einem Zeitpunkt, an dem es kaum noch möglich war, sich einen anderen Platz zu besorgen, wieder zurückgenommen werden musste. Das hat viel Unruhe ausgelöst weil sich natürlich alle um den Platz gesorgt haben. Dabei geht es ja nicht nur um einen Betreuungsplatz an sich sondern auch darum, dass man sein Kind gut betreut weiß und in zumindest teilweise vertrauter Umgebung.
Besonders die Öffnungszeiten und das Engagement des Teams sind hier erwähnenswert.
Nichts zu bemängeln
Passt alles
Wir würden uns eine wöchentliche Fischmahlzeit wünschen. Frühere Öffnungszeiten wären besser.
Everything is well planned and organized.

Any thoughts / concerns / questions you would like to share concerning the new ownership? / Habt ihr Bedenken / Fragen / Gedanken, die ihr uns bezüglich des Eigentümerwechsels mitteilen möchtet?

Wir sind uns sicher, dass wir Dich vermissen werden, Cornelia!
Wird der Betreuungsschlüssel so gut bleiben wie bisher? Wird es zu deutlichen Preiserhöhungen kommen?
Aktuell nicht.
nein
We are hoping Little Daisies doesn't change too much as we are so happy with things as they are. I hope Elgibi supports the teachers as well as Cornelia, Nina, Artemis have, so that the teachers can continue focusing on the kids and this makes for happy kids and families.

Danke ans gesamte Team. Ihr macht das toll!

Thank you for taking care of our child. We appreciate the efforts that the teachers do

every day to keep them calm and happy.

Wir sind super happy mit der tollen Arbeit der teacher. Sie sind das Herzstück von LD. Wir hoffen sehr, dass auch die neuen Eigentümer so ein gutes Händchen bei der Einstellung künftiger teacher haben werden und dass keiner der teacher geht, weil er sich wegen Ebligi nicht wohl fühlt.

Thank You for the amazing job you do taking care and teaching our little ones

Super Job!!!!

Danke für die tolle Krippenzeit!

Thank you so much for all your care, love and hard work. We really, really appreciate every one at Little Daisies!!!!

7) Please explain your answer on number 6. / Bitte begründet Frage Nummer 6.

We are happy with the concept provided by Little Daisies. We like the fact that the range of activities increased this year.

What we would like if you could organize more extracurricular activities (karate/swimming courses/etc.) the way the Ski Course was offered. That was great.

For the preschoolers, it would be helpful to prepare the kids mentally for school and teach them how to deal with potential bullies.

Garten, Spielplatznutzung könnte vielleicht mehr sein....

Please more arts and crafts:

More art projects where the kids have to do the things on their own, (not only glueing things together the teachers prepared before).

More excercies in drawing and cutting.

Great range of activities offered - well done! My child particularly enjoys the experiments with Tapash, mindfulness, art with Mayra and Little Daises sports as well as the forest days.

A few ideas to improve:

* I wonder if inside could be rearranged a little, for example to create a reading area with a forward facing bookshelf (the bookcase is always a mess and doesn't encourage the children to sit and read). The "Kuschelecke" seems to be a location for wild play, rather than cuddling - maybe instead create an area above with books and soft bean bags for quiet reading time and make the area below for role play with the kitchen, dolls etc. (and better lighting under there, the fluorescent lights are awful, sorry!)

* It would be great to see more opened ended resources such as Grapat loose parts, silks/blankets and unusual objects that the kids could experiment with (different fabrics, metals, mirrors, shapes etc.)

* Perhaps get the kids involved in adding more plantlife to the garden area. It's wonderful to have outside space but it could be used more for nature connection, e.g. growing sunflowers, making bird feeders, growing vegetables or herbs in large planters.

* Could the indoor kids now be involved with some of the Freiland group activities, again to strengthen their nature connection?

* houseplants inside - there are robust ones that could survive well in the facility, eg ZZ plants, rubber plants and Peace Lilies, and the children could help look after them.

Die Aktivitäten, die Little Daises anbietet, sind außergewöhnlich umfangreich und abwechslungsreich. Im Vergleich mit anderen Kindergärten, beziehungsweise Erzählungen von Bekannten und Freunden die auch Eltern sind, wird wirklich fast alles abgedeckt, was man Kindern anbieten kann. Ich bin sehr zufrieden und habe auch das Gefühl, dass ich außerhalb des Kindergartens wenig machen muss und mein Kind trotzdem optimal gefördert wird. Sport, Kreativität, Wissenschaft, soziales Verhalten, alles wird sehr gut abgedeckt und die Lehrer begleiten alle sehr patent. Ich habe auch den Eindruck, dass mein Kind bei allen Sachen sehr viel Spaß hat.

Structured art session was not sufficient.

I would like to see more outdoor playtime, in the yard or playground.
I would also like to see more plants and greenery in the center and the garden

Ich finde das Programm ist reichlich und hoffe, dass mehr Ausflüge gemacht werden können. Mir ist bewusst, das war wegen Corona eingeschränkt, aber ich hoffe, dass dies nächstes Jahr nicht zu kurz kommt. Die Ausflüge in letzter Zeit kamen sehr gut an.

I hope next year will have more excursions

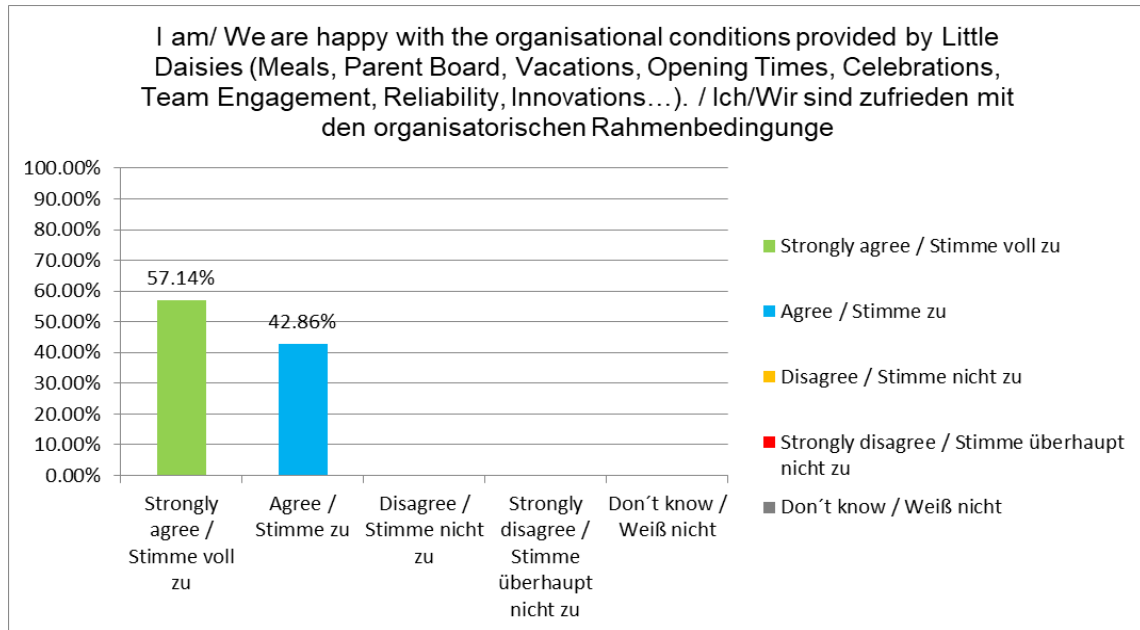

We agree. However we are looking forward to more activities coming Kindergarten Year. More excursions, maybe different playgrounds?

Kiss Sport, Music, Mindfulness, Experiments, Art, ... there are so many things proposed in the Kindergarten for the kids - it is very great.

Would like more painting

Mindfulness is great

9) Please explain your answer on number 8. / Bitte begründet Frage Nummer 8.

We are happy with the organisational conditions provided by Little Daisies. Thank you for the new trains and tracks, highly appreciated.

We have some comments about the following:

- the sweet lunch, especially at the end of the week, drives the child into that zombie phase (tired and energetic at the same time) and makes it harder to reason with him;
- even though they have the sunscreen and sunhat on, being in the sun in the time interval 11:00 - 16:00 is not recommended.

-The Poing meeting was great, so we wish there were more events with the parents. We were disappointed about not taking part in the self-defence presentation.

Alles ist sehr strukturiert, mit ausreichend rechtzeitig kommuniziert und ist von hoher Qualität

Vacation support was always very good.

We are very disappointed with the summer party- the one chance this community had to meet in person this year was held in the rain so that it ended quickly, and there was no

one present from the new leadership. All very halfhearted.

We feel content with Little Daisies's conditions and we hope that with the takeover of Ebligi and their statements from the parents' evening come true.

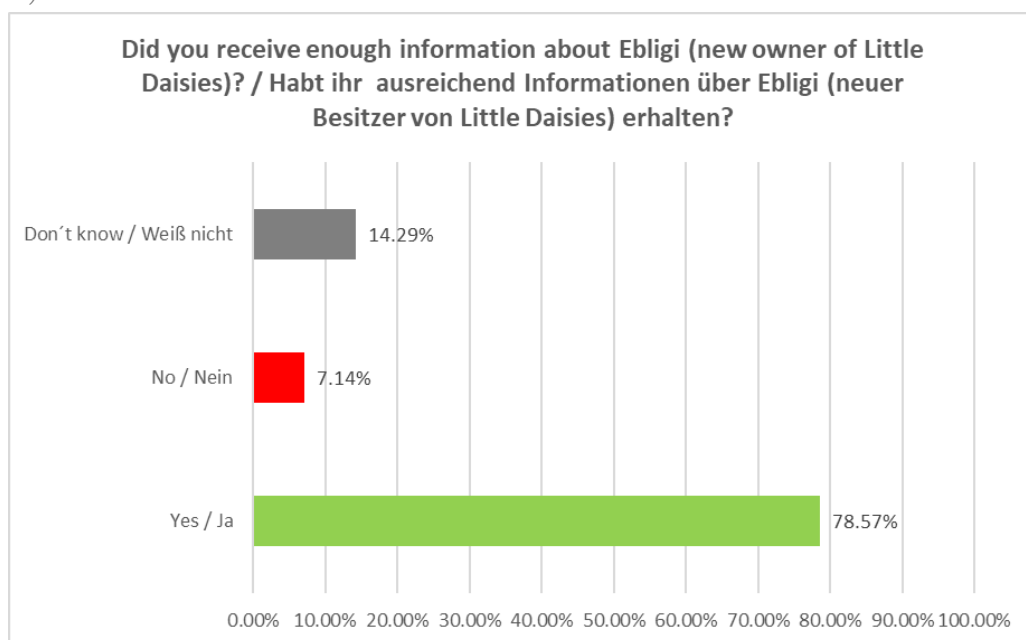

3 weeks vacation in August is a bit too long.

Opening times would be even better if at 7:30 already.

The team seems to be very connected and happy together - it will be great to hear more about the outing day you had all together on June 17th.

Otherwise we are globally very happy with the organizational conditions.

The new Director Carsten Müller seems to be too nice and positive about that change. We are afraid that he is changing his face after Cornelia Ottersbach is gone. He always says "so far no price increase", "so far no change in the concept" ... which makes the whole process very strange. Our intuition is not so good to be honest.

Air filters for Kigas are state subsidized and we would like to see one for our children, or any other measures that go beyond just what is determined by state rules.
A big THANK YOU to the whole team for their amazing work with the kids. They are the 2nd family for our kids so it is very important.
